Friday	P.E. day: Beech Leaver's party for Year 6. Drop off at 5.30 for bowling 8.15pm pick up at Pizza Express

Beech Class Recorder lesson showcase

This will start at 1.20 on Monday 30th June. Please can parents arrive for 1.15 pm. The children will perform the skills they have learnt in their term to learn music lessons with Mrs van Lokven. We appreciate this is a difficult time for families to attend, but is the only time the teacher is available. I shall ask Mrs Norris to film this and families can see this on the hall board on Wednesday after school.

Take a Tin day Tuesday 8th July

Miss Cain shared the plans with you for this Food Technology and PSHCE event. If you wish to attend, please respond to the email poll sent by Miss Cain.

Prayer Space Day

Thank you to the Worship leaders; Beth, Charlie W, Maja, Will, Oliver and Macey and Mrs Halfacree for organising a fabulous Prayer Space morning for the entire school. Reverend Sarah also attended and noted how the children engaged with each of the activities at a personal and meaningful level.

Golden Book

Congratulations to Finley T (YR) for being a wonderful buddy to his New YR friend. He was kind, thoughtful and confident as he supported her on the visit. Congratulations to Macey (Y4) who was a fabulous Worship Leader in today's Prayer Space morning. She made sure all of the children could access the areas and supported with replenishing the materials and clearing away at the end of the morning. Well done to Vlad (Y5) for his excellent presentation in his science learning. Not only did he ensure the information was correct, he considered how to present this to people reading it – amazing!

Have a lovely weekend Theresa Smyth and the Singleton Team

Year 6 News Report

This week has been a fun but hot with temperatures reaching 34 degrees. It's been so hot that oak class had to empty their trays and fill them up with cold water and put their feet in to their trays to cool them down.

Willow class:

The new reception children have been welcomed with homemade cards that the class made for them.

Year 2 have been blowing Mrs Radley away with their amazing maths. In their maths lessons they were weighing the capacity of different materials.

Beach class:

On Thursday they went up Levin Down so they could study flora and fauna in their science. They also have been doing cyanotype in art. In English, they have been writing gruesome poems and writing about their trip up Levin Down.

Oak class:

Year 5s met their new teacher Miss Spencer and they did marbling with pieces of paper and played a few games. They made dream jars. Year 6, on the other hand, went to their new secondary schools on Wednesday to get to know the place a bit more.

Today, Mrs Halfacree and the worship leaders have made a prayer space for everyone to enjoy. There were lots of stations for children to move around to think and reflect on different aspects of their own worlds.

Enjoy your weekend

Freddie and Immy
