Thursday	NO P.E. today for any class
Friday	NO P.E. today for any class Beech and Oak Class in Forest School Kits for trip to Woods Fair Any siblings of Oak / Beech who are in Willow, please collect at 2.40pm

P.E. day swap for this week

Please note that all children must be in P.E. kits for Sports Day on Monday. Parents are welcome to watch the afternoon Individual Races from 1.15pm. As you will be sat in the sunshine, you may wish to bring an umbrella / shade of some description and a chair. If you wish to run in a parents race, we would suggest trainers that grip to avoid any injuries.

Athlete in school

Thank you for the sponsorship monies which came into school. Altogether this raised just over £400 and 60% of this comes to the school. This will subsidize the cost of trips in the near future.

Weather, water bottle, sun cream

Please check that your child is fully prepared for the warm weather which is predicated.

Whole school Trip On Tuesday 15th July, the entire school will travel to queen Elizabeth Country Park by coach for a day trip in the Woodlands. This will be the end point of their topic and each class will take part in specific activities.

If your child usually has lunch on this day, please ensure you cancel / do not book. All children will require a packed lunch.

Golden Book

Congratulations to Jasper (Y6) - for being so kind, considerate and helpful this week. He has gone out of his way to help others and his manners have been impeccable. Well done to Freddie (Y1) for showing enthusiasm when learning new skills during a watercolour art session – the painting process is something all of Willow Class have enjoyed. Congratulation to Ellie (Y4) for always displaying the 3 R's within the classroom and at break times and lunch times. She is always a respectful and responsible learner and positively impacts those around her.

Have a lovely weekend Theresa Smyth and the Singleton Team

This week, we had an athlete called Kirsty Way come in to school and talk to us about her path to success as a double mini trampoline gymnast.

We also did some exercises with her including press ups, spotty dogs, star jumps and mountain climbers. She showed us her shiny medals and even let us hold them.

In Year two, they have just completed phonics tests and did so well they got to spend some of yesterday celebrating and playing with games. For English, they have a book called the Dragon Machine and drew a plan that should get all of the dragons back to where they belong! In maths they are working on arrays and columns.

Now heading up the school to Beech class, who have been busy mastering their cricket skills and working hard to deconstruct poems in English. They are also learning to tell the time in maths and in science discovering which animals are omnivores, carnivores and herbivores.

Finally, Oak class are trying to find a murderer in their English book High Rise Mystery and in their science, they are learning about vertebrates and invertebrates.

Sadly, Miss Pavitt's time ended with us. She has been a great help to the class for seven weeks, especially in maths for Year 5. They are still working hard to calculate angles in shapes and sizes

Mathilda and Will. (Year 6)
