| Friday | Guitar and Piano lessons for named children Oak Class P.E. |

What a brilliant Cool to be Kind Week!

This week has been all about kindness and creativity. From Odd Socks Day to planting trees and creating our very own heroes, the impact has been incredible! We've seen secret agents of kindness in action, bright colours lighting up the school, and hero masks reminding us that everyone can make a difference. It's been a lovely end to the week, full of smiles, teamwork, and positive energy.

A Huge Thank You to Jonah's (Y1) mum Chloe.

We want to give a special shout-out to Chloe for her incredible hard work in making our tree planting a success. Her passion for this project has been infectious and the children were all so excited to plant 'Hazel Wood' for future generations of Singleton children to enjoy. Her energy, commitment, and dedication were truly inspiring—thank you for organising and helping make our new Forest School!

Children in Need

A huge thank you to everyone who donated and supported Children in Need this week. Every contribution, big or small, truly makes a difference and helps change lives. Your generosity and kindness have been incredible – together, we've shown the power of community and compassion. We have raised: £131. Thank you to everyone who joined in and helped make this week so special!

Minute's Silence

On Tuesday, every child stood silently for one minute as the whole school gathered around the wreath, which is now proudly displayed in the hall—a beautiful moment of respect and remembrance.

Date for the Diary for Y1/2

Drumming Concert for Year 1 and 2 families at 11.20 am on the 24th November. Please note this time is set to match Mr Chalke's teaching availability and is unable to be moved. We will however film the event for parents unable to attend.

Golden Book

This week, our Golden Book was a little different, with adults in school focusing on the theme of Kindness. It was wonderful to read the entries, which clearly show that children are demonstrating this value in so many ways.

Congratulations to Phoebe (Y1), Evie (Y2), George (Y4), and Oakley (Y5) for embodying kindness. Each of these children has shown a selfless approach to friendship—recognising when others need help, noticing the positive qualities in those around them, and being true Kindness Superheroes. Well done!

Worship Focus: The Power of Kindness and Forgiveness.

This week in worship, we explored the incredible power of kindness and how it can snowball—spreading from one person to another and creating a ripple effect throughout our community. We reflected on how even the smallest acts of kindness can inspire others, making our school an even happier and more caring place.

Today, we spoke about how we all strive to be kind, but sometimes—because we are human—we can fall short, and our actions may hurt others. We reflected on the importance of forgiveness, remembering that God forgives us and calls us to forgive others too. When we choose kindness and forgiveness, we help to build a strong community.

Ephesians 4:32 "Be kind and compassionate to one another, forgiving each other, just as in Christ God forgave you."
